

### **REMARKS**

Claims 1 - 11 are cancelled. Claims 12-74 are presented for examination. A number of issued claims included limitations that have unnecessarily limited their respective scopes by claiming less than the patentee had the right to claim in the patent. Accordingly, new claims 12-74 broaden the scope of the issued claims without adding new subject matter.

A new oath and consent of assignee as requested by the Examiner in the Office Action mailed January 9, 2009 are included.

Should the Examiner believe that a further telephone conference would expedite the prosecution of this application, the undersigned can be reached at the telephone number set out below.

Respectfully submitted,
