

REMARKS/ARGUMENTS

Applicant has carefully studied the non-final Examiner's Action mailed January 27, 2009. These explanatory remarks are believed to be fully responsive to the Action. Accordingly, this important patent application is now believed to be in condition for allowance.

Applicant responds to the outstanding Action by centered headings that correspond to the centered headings employed by the Office, to ensure full response on the merits to each finding of the office.

The fee for a one month extension of time for response to the outstanding action is included.

Double Patenting

A terminal disclaimer is attached to overcome the nonstatutory double patenting rejection. This application and U.S. Patent Application No. 12/043,896 are commonly owned by Steven Miller. The fee under 37 CFR 1.20(d) for a terminal disclaimer is included.

Conclusion

Entry of a Notice of Allowance is solicited. If the Office is not fully persuaded as to the merits of Applicant's position, or if an Examiner's Amendment would place the pending claims in condition for allowance, a telephone call to the undersigned at (727) 744-4651 is requested.
